KF

CRAFTSMAN® 8-HP tractor-style Riding Mower

Complete with a 36-inch cutting head that's "full-floating" to glide over contour of your lawn for smooth, even cut

Extra-wide rear tires provide firm pulling power that's gentle on your lawn

Rear tires 9.50 inches wide . . . the widest ever on our 8-HP mowers. Leave your lawn unblemished

"Transaxle" tractor-type transmission provides virtually trouble-free performance

Works on same principle as big farm tractors. Transmission and differential are both sealed into one central unit . . . direct gear drive from transmission to rear axle with less movable parts to break down. Disc brake built right into the transaxle unit for quick, positive stops

3-speed dual-blade front-engine Riding Mower

Recoil-start **\$419⁰⁰**

Two-blade cutting head tips forward, backward and sideways to follow the roughest terrain without scalping. Rear-axle differential lets rear wheels revolve at different speeds when you turn . . . guards against skid marks in your lawn. Rear tires 18x9.50 inches wide put plenty of tread on the ground to give you the traction you need without digging into lawn. Front tires 15x6 inches; all tires fully pneumatic.

Powerful 18.65-cubic inch engine protected by rugged all-steel body. Front hood pivots to give you total access to engine. Special interlock system lets you start engine only when mower is in neutral with blade disengaged. Handy blade clutch lets you disengage blade quickly without stopping engine. Change cutting heights from driver's seat with convenient adjustment lever. Choose from five cutting heights from 1½ up to 3 inches deep. A selection of 3 forward speeds plus neutral and reverse lets you match the speed to your particular mowing job. "Transaxle" transmission uses engine's power efficiently. Mower turns within a tight 36-inch radius with smooth, responsive geared steering.

Contour-shaped, molded foam seat gives you cushioned comfort while you mow; extra-high back provides support that your back will really appreciate. Spring action of seat absorbs shocks to make mowing even more comfortable. Foot-operated parking brake releases with a touch. Deflector on cutting head directs foreign objects down toward the ground. Mower also features big one-gallon fuel tank and fuel gauge.

Sears 153

Most powerful Tractors in our history.. pick between 2 great new **16-HP ENGINES..**

On the SS16-TWIN, a QUIETLY POWERFUL
TWIN-CYLINDER ENGINE

Sears Best

Here's a new sound . . a new feel in tractor performance
with new 16-HP engine and big muffler to subdue noise

Tractor only	Tractor with 42-inch Mower
\$1214⁰⁰	\$1422⁹⁵

1 BEST BECAUSE: vibration-reducing twin cylinder operation plus our largest tractor muffler system ever produces a quieter, smoother operation than tractor on opposite page. This means less noise pollution and operator fatigue. Also, a pressurized system keeps engine uniformly lubricated under all operating conditions. There's built-in safety, too—mower must be disengaged before electric-start, key-lock ignition system works.

Powers 42 or 48-inch Rotary Mower plus all our attachments with ease. Compression-release reduces starting effort on 4-cycle engine . . saves on heavy-duty 12-v., 39-amp battery. Aluminum engine with cast-iron cylinder liners delivers cool operation. Manual shift—6 forward speeds, 2 reverse—just match power and speed to job at hand . . release brake/clutch pedal and go!

GUARANTEE: Tractors guaranteed as follows for 1 year from date of sale: If any defect in material or workmanship appears during this time, we will make all necessary repairs, including parts and labor, at no cost to you. Normal maintenance, tune-ups and failures resulting from abuse are not included. Tractors with batteries; if battery proves defective and

Why a Twin-Cylinder Engine?

Because two cylinders with alternate-firing pistons counter-balance each other . . function with rugged dependability, a minimum of vibration and very little noise

Relax in the deep-cushioned, spring-mounted, high back seat—adjusts forward and back. Rubber-tread safety foot rests and deep-dish steering wheel. Ignition, lights, throttle, choke controls all conveniently grouped in one panel. Automotive-type steering and differential minimizes gouging turf on turns. Extra-wide tires—23.0x9.50 rear; 16x6.50 front. With headlights, taillight. Overall, 72x36x44 in. high. Bamboo tan and Aztec gold color. Triple-blade mowers (2) described on opposite page.

32 KF 2575N—Tractor only. Shipping weight 675 pounds. \$1214.00
32 KF 25801N2—Tractor with 42-inch Rotary Mower. Shpg. wt. 855 lbs.. 1422.95
32 KF 25802N2—Tractor with 48-inch Rotary Mower. Shpg. wt. 862 lbs.. 1433.95

will not hold a charge, in exchange we will: during the first 90 days—replace battery at no cost; after 90 days . . replace battery, charging customer 1/12 of new battery price for each full month from sale date. Equipment used for commercial or for rental purposes guaranteed for only 30 days from date of sale.

See for yourself . . all the great features of our most popular tractors as displayed at most Sears Stores. We also offer a full line of Suburban and Farm Equipment to help you in this type of work. For a complete listing, consult the Index.

Both 16-HP **LAWN** and **GARDEN** Tractors pack 33% more power to work with than 12-HP models
... with proper attachments, they handle big lawn-mowing chores and tough all-season jobs

On the **SUBURBAN 16T**... an
EXTRA-SMOOTH, COOL-OPERATING

OVERHEAD VALVE ENGINE

Why an Overhead Valve Engine?

Because of its high combustion efficiency... develops maximum horsepower per cubic inch displacement. This advanced automotive-type design gives you cool-running performance, long life and low-cost maintenance

Introducing the **ST/16**...
our coolest-operating Tractor
—with solid-state ignition system

- Powers 42 or 48-inch Mower plus over 40 other attachments
- Auto-type steering for ease-of-handling and control
- Turf-saver tires: 23.0x9.50 in. rear; 16.0x5.50 in. front... wide rear tires provide positive traction plus riding comfort

Tractor only **\$1017⁰⁰**

Tractor with 42-inch Mower **\$1225⁹⁵**

1 Takes on toughest jobs... you work with the same amount of power as our SS16 TWIN. Heavy duty cast iron 16 HP engine, counterbalanced to reduce vibration... takes plenty of rugged wear. Mechanical governor instantly makes additional power available as load requires. Solid-state ignition eliminates over 20 wear-prone parts. Manual shifting—transmission with 6 speeds forward, 2 reverse—lets you go from a slow crawl to a fast, full clip without extra pulleys or underdrives. Electric key-lock ignition for safety starts... attachment must be disengaged before system operates. Compression release aids starts... saves on 12-v., 39-amp battery—aircraft-type with bonded plates. Brake/clutch pedal. Deep-cushion contoured seat with high back—spring-mounted. Rubber-tread footrests. Headlights; taillight. All controls conveniently grouped within easy reach of driver. Bamboo tan and Aztec gold color baked-on enamel finish. Measures 72x36x44 overall. Details on Mower (2) at right. See attachments pages 159 thru 167.

The ST/12 .. our lowest-priced tractor
with the power and speed range to handle all
Sears current attachments .. even the heaviest

- Cast iron 12-HP CRAFTSMAN® engine .. electric-starting plus solid-state ignition
- Rugged transmission—6 speeds forward, 2 reverse—fits speed to attachment needs
- Turf-saver tires—rear 22.5 x 7.50 in. wide; front 16 x 5.00 in. wide

Tractor only **\$955⁰⁰**

Tractor with 42-in. Mower **\$1163⁹⁵**

1 Safety key-lock electric start—won't operate unless transmission is in neutral and attachment disengaged. Also, electric starting and compression-release design simplify starting. With solid-state ignition, more than 20 wear-prone parts are eliminated, minimizing tune-ups.

Combination clutch/brake pedal. Manual shift. Auto-type ball-joint steering for relaxed handling. Combines with wide tire design for smooth ride plus excellent pulling power, yet treats your lawn with care .. won't gouge on turns. Visual gas gauge. Tilted deep-dish steering wheel .. ignition, choke, throttle, lights, ammeter—grouped within easy reach. Spring-mounted

seat with deep cushioning and medium high back for comfort—adjustable. Rubber-tread foot rests. With 12-volt, 39-amp battery. Twin headlights, tail-light. Hood hinged at front for easy access to engine. Baked-on enamel finish. Overall measurements 36x44 in. high. Bamboo tan and Aztec gold color. Details on Mower (2) given on page 155.

32 KF 2573N—Tractor (1) only. Wt. 625 lbs., \$ 955.00

Tractor (1) with 48-inch Rotary Mower (2).

32 KF 25806N2—Shipping weight 807 lbs., 1174.95

Our lowest-priced **Lawn and Garden Tractor**

Has 10 HP and 6 forward speeds to handle all the attachments of our 4-speed Lawn Tractors plus 19 more aids such as these:

10-cu. ft. Cart
.. see page 159

Rear-mount
Grader .. see page 163

Drag Harrow
.. see page 165

Disc Harrow
.. see page 166

Lawn Roller
.. see page 162

Also handles: 8-inch Plow, Roto-spader, 35-inch Snow Thrower, 42-in. Dozer blade, Scraper-scarifier, Litter-Whisk Sweeper, Spreader-seeders, Aerator, Thatcher/cleaner, Vacuum collector, 3-pt. Hitch, Tractor cab. See page 155 for chart noting all attachments each of our tractors handles.

Introducing the ST/10
with solid-state ignition ..
handles our 38-inch mower

- Cast iron 10-HP CRAFTSMAN® engine .. electric-starting
- Cushioned, spring-mounted seat—medium height back
- Turf-saver tires—rear, 22.5 x 7.50-in.; front 16 x 5.00-in.

Tractor only **\$846⁰⁰**

Tractor with 38-inch Mower **\$1008⁹⁵**

1 Same transmission as our larger models—6 speeds forward and 2 in reverse. Manual shifting as you match speed to attachment. Features safety starting, too, with key-lock ignition—you must first shift to neutral and disengage mower. Solid-state ignition .. eliminates more than 20 wear-prone parts; minimizes tune-ups. Combines with compression-release for fast starts and to save on 12-volt, 39-amp battery. Brake/clutch pedal. Large steel safety foot rests. Automobile-type steering system and differential .. let you maneuver smoothly without gouging. Twin headlights; taillight. Control panel groups ignition, lights, throttle and choke, all within easy reach. Baked-on enamel bamboo tan and Astec gold finish. Overall measure, 70x56x41 in. high. Mower (2) described at right.

Tractor (1) and 38-inch Rotary Mower (2),
32 KF 25807N2—Shipping weight 665 pounds..... 1008.95

38-inch Rotary Mower

\$162⁹⁵

Dual blades .. gear-driven
.. lift grass and weeds for even cut

2 Constructed with rugged steel housing. Safety shield deflects stones and other foreign matter downward. Housing design also spreads clippings evenly as you mow .. prevents windrowing and bunching. Blade brake built in, also—stops blades 5 seconds after power is shut off. Height adjusts from 1½ to 3½ inches above ground—control lever easily reached from driver's seat. Scissors type suspension. For normal cutting, set gauge wheels ¾ inch above ground with mower at desired height. Gauge wheels then prevent scalping on uneven or rolling terrain. Approximately 54 inches wide.

32 KF 25203—Shipping weight 105 pounds..... \$162.95

Tractor (2) plus 36-inch Rotary Mower (3). Shipping weight 400 pounds. 32 KF 25808N2 \$587.95

Two-blade 36-in. Mower with hinged safety shield . . . for 8-HP Tractors

\$98⁹⁵

3 Designed for use with tractors 32 KF 2570N and 32 KF 2571N. Belt-driven steel blades . . . create suction to lift grass for even cut. Adjustable height—1½ to 3½ in. Brake stops blades 5 seconds after power shut-off. Steel housing . . . designed to spread cuttings evenly—prevent bunching. Safety shield deflects foreign objects downward—swings out of the way when not mowing . . . saves on storage space. Enamel finish—bamboo tan color. Approx. 52 in. wide. 32 KF 25101N—Shipping weight 75 pounds . . \$98.95

TRACTOR ATTACHMENTS

STARTING HERE AND ON THE NEXT 9 PAGES IS A COMPLETE SELECTION OF HANDY TRACTOR ATTACHMENTS

Steel Utility Carts

Endgate slides up . . . bed tilts for dumping.
18-gauge steel with extra-rigid reinforcing at top

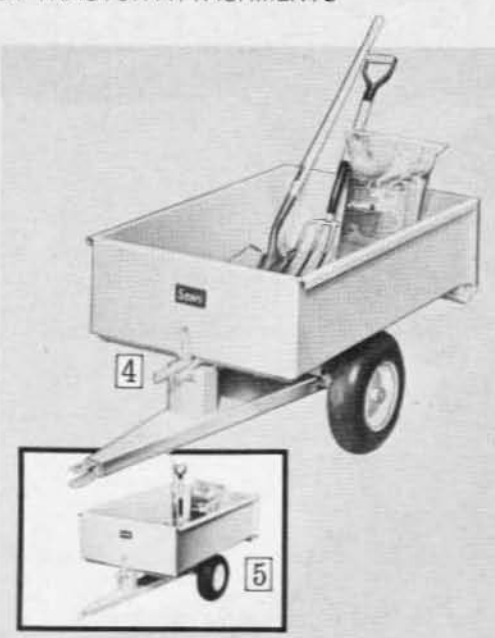

\$69⁵⁰ 7-cu. ft. capacity

Wheels mounted under box (not at sides) . . . for steepest dumping angle—also requires less space for maneuvering. Spring-loaded trip latch, operable from driver's seat—body locks when returned to hauling position. Zerolubricated wheel bearings. Use with any riding mower or lawn tractor with drawbar hitch.

4 18-cu. ft. Cart. Box interior 36x60x15 in. deep. Extra large for heavier loads. Pneumatic tires—6½ in. wide, 16-in. diameter. 32 KF 26135N—Shpg. wt. 190 lbs. . . . \$139.50

5 10-cu. ft. Cart. Box interior 30x48x12 in. deep. Pneumatic tires—4x16-in. diameter. 32 KF 26137N—Shpg. wt. 125 lbs. . . . \$89.00

7-cu. ft. Cart (not shown). Similar to above except box 26x42x11½ in. deep. Semi-pneumatic tires—3½ in. wide, 10¼-in. diam. 32 KF 26136N—Shpg. wt. 90 lbs. . . . \$69.50

Tractor Tote Box

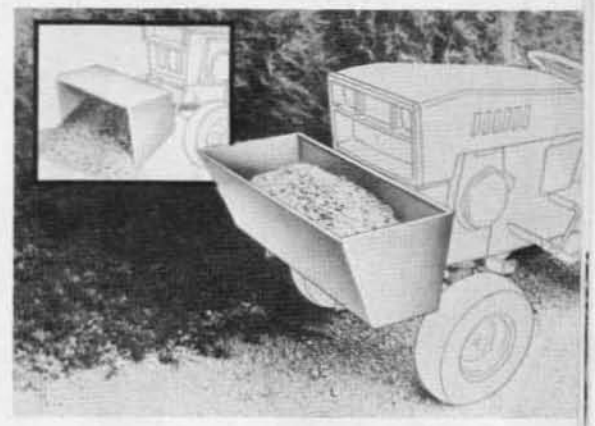

Move loose materials, dump . . . haul shrubbery, equipment, supplies

\$42⁹⁵

Connects quickly to front axle. So handy, you'll leave it on all summer. No need to remove when mowing. Dumps easily with lever control. Latch spring secures box upright when not dumping. Fill with sand, etc. for front end ballast weight. Holds 2½ cu. ft. (level fill). Measures 24x72x35 in. high.

For 1966-73 Suburban SS and Hydro models. 32 KF 26422N—Shpg. wt. 48 lbs. . . . \$42.95

For Custom and Compact size models. 32 KF 26425N—Shpg. wt. 48 lbs. . . . \$42.95

Attachments to help give you a clean, healthy lawn

another free manual from www.searstractormaterials.com

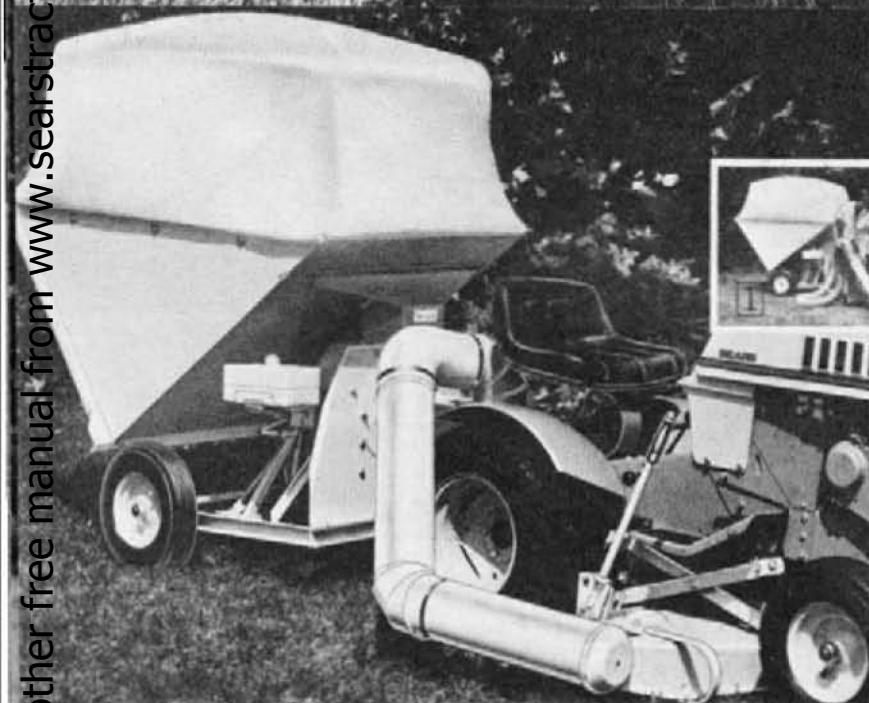

Litter-Whisk®

- Mounts on tractor—driven by tractor's rear tires... provides positive sweeping power
- Brush height adjusts
- Brush drive de-clutches for transporting without sweeping
- 9-bushel basket... easily removed
- Attach or remove entire unit in minutes with 4 mounting bolts

\$147⁹⁵

Unique wheelless design... lets only the rotary brush touch the ground. This feature allows for maximum maneuverability—lets you back up, get into and out of tight spots, pick up grass clippings, leaves, debris for total clean-up sweeping.

Big 36-inch wide brush-reel assembly, friction-driven by tractor's rear wheels, provides greater pick-up power and efficiency than you get from towed-type sweeper. Canvas basket with sturdy tubular frame... pull cord with handle permits dumping operation from driver's seat. Mounts to rear hitch plate of all Sears 1966 to 1973 7 to 16-HP riding garden tractors (not for 8-HP lawn tractors, page 159). 32 KF 25344N2—Shpg. wt. 145 lbs. \$147.95

Vacuum Collector **\$344⁵⁰**

- One-trip operation—picks up grass clippings as you mow... picks up leaves in the Fall, too
- Hopper... holds about 20 bu. of cut grass, leaves, etc.
- Powered by 5-HP CRAFTSMAN® gas engine

Steel intake chute (order from chart below) bolts to mower outlet. Blower moves material through large tubing into hopper, V-shaped for easy unloading. Dump door at rear. To remove collector from tractor, loosen hose clamp, pull drawbar pin. Pneumatic tires: 4.80x4.00x8.00 in. Measures 41x70x45 in. high. Not for lawn tractors sold on page 159. Order Hand Wand Attachment (optional) at right.

32 KF 2641N—Collector without chute—Shipping weight 302 lbs. **\$344.50**

Size of Mower	Mower Model Number	Chute Catalog Number	Shpg. wt.	Price

Thatcher-Sweeper **\$507⁹⁵**

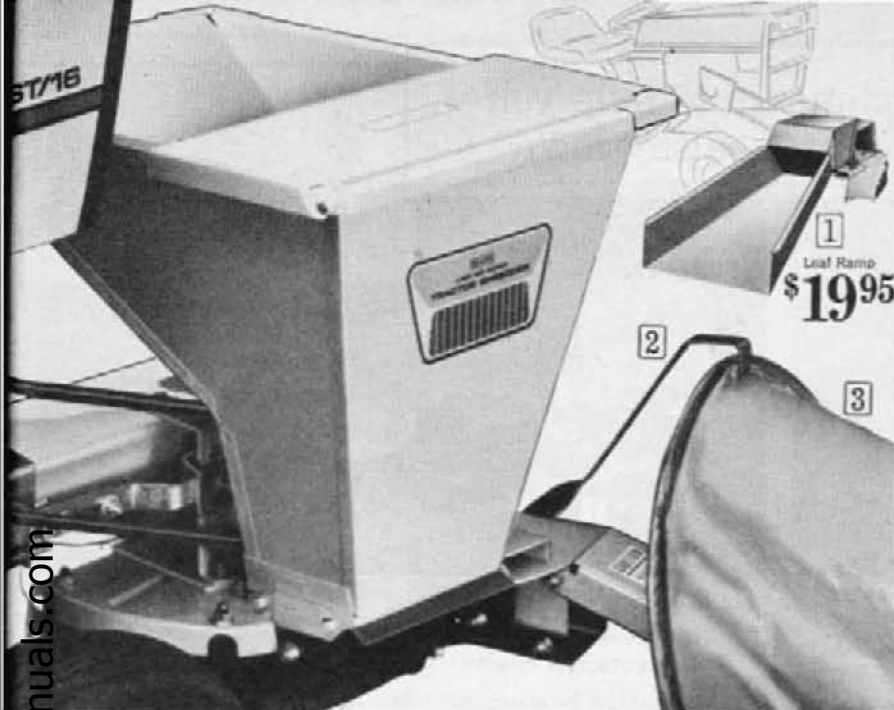

- Complete lawn care... Clears 36-inch strip
- Hopper holds about 20 bushels of chopped leaves, grass, nuts, hulls, pine straw, etc.
- 8-HP Briggs & Stratton® manual-start gas engine—rewind starter

Steel thatcher tines remove dead grass, leaves... help prevent thatch build-up. Fine for leaf and cut grass pick-up, too. With hand wand (sold below), vacuums hard-to-reach spots. Separate clutch to disengage thatcher when using vacuum. Fabric-covered steel hopper—V-shaped for easy unloading. Add lawn vacuum kit (sold below) get direct vacuum pick-up of mower cuttings (with Sears mowers only). Use on riding tractors with pin-hitch drawbar, low speed of 1.1 mph (required when thatching). Pneumatic rear tires 4.80x4.00x8.00 in. 44x115x31 in. high.

P32 KF 2630N—Shipping weight 475 lbs. **\$507.95**

1 Hand Wand Attachment. For 32 KF 2630N or 32 KF 2641N. With 5-in. diam. hose, 12 ft. long; 3-ft. steel pickup nozzle. P32 KF 26372N—Sent motor carrier or express. Wt. 20 lbs. **\$42.95**

Lawn Vacuum Kit. Hose, fittings. Order proper chute at left. 32 KF 26301L—Shipping weight 27 pounds. **Kit \$43.50**

Shredder Attachment

\$118⁹⁵

Uses tractor power to grind up leaves, twigs, clippings for disposal or compost

Eliminate air pollution caused by burning leaves... dispose of leaves and other debris by shredding for bagging or composting to add humus to soil. 3 blades thoroughly chop and shred leaves, twigs, clippings—almost any organic material. Mounts to front of tractor; safety interlock switch shuts off tractor engine if hopper or leaf ramp is removed. Fits 1966-72 Sears Suburban, SS, Hydro-Trac tractors; 1973 12 to 16-HP SS, ST models. Painted bamboo (tan). Order optional items (1), (2) and (3) below separately.

32 KF 25343N—Shipping weight 93 pounds..... \$118.95

1 Leaf-ramp Attachment. Attach to shredder above with one knob after removing hopper... then just rake leaves and debris up the ramp into the chopping chamber. One-piece all-welded steel. Citrus orange color. Shipped motor carrier or express.

32 KF 27505N—Shipping weight 20 pounds..... \$19.95

Bagging Attachment

2 For use with tractor shredder above. Connects to shredder with one bolt. Rubber bag-retaining ring eliminates need for clips. Shipping weight 1 lb. 8 oz.

32 KF 27642..... \$3.95

Extra-heavy Plastic Bags

3 3-mil plastic twice as thick as ordinary lawn clean-up bags. Holds 2½ bu. (shredded) 24x45 in. long. Tan. Pkg. of 10. Shipping weight 2 lbs. 8 oz.

32 KF 27701..... Pkg. \$1.99

Lawn Sweeper

Big 10-bushel capacity... cleans 38-inch swath... ideal for use with our new 8-HP lawn-care tractors

\$169⁹⁵

Without leaving the seat of your tractor you can: (1) adjust height of brushes from 0 to 2½ in. to suit lawn condition or raise for transport; (2) dump hopper to rear—away from brushes. Canvas hopper includes windscreen. Brushes made of extra-durable, waterproof polypropylene bristles. Swivel caster rear wheels. Use in spring, summer and fall to keep lawn neat and healthy; prevent build up of thatch; reduce damage by insects, fungus and smothering of grass. Use with any riding tractor or mower with pin-hitch draw bar.

Rotary Mowers

Sears Mowers conform to Outdoor Power Equipment Institute Safety Code

Three-blade Mower for Sears 12-HP to 16-HP tractors . .

"high-lift" blades lift grass for smooth cutting

42-inch **\$208⁹⁵** 48-inch **\$219⁹⁵**

New blade brake stops belt-driven blades in seconds after power is cut off. Cutting height adjusts from 1¾ to 4¾ in. with one lever. Safety shield. Painted bamboo (tan). Fits 1970-72 Suburban, Super 12, 14 and 15-HP 8-speed and Hydro-trac tractors; 1973 ST-12, ST-16, SS-16. For 1966-69 tractors, order bracket kit below.

32 KF 25325N—42-in. (Model 917.253250.) Wt. 169 lbs. \$208.95

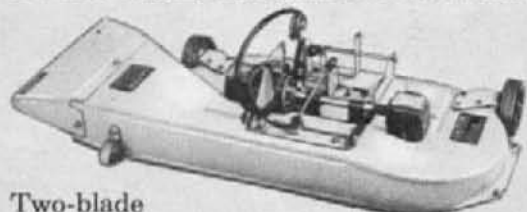

32 KF 25326N—48-in. (Model 917.253260.) Wt. 182 lbs. 219.95

Replacement Blades for mowers above. Shpg. wt. 2 lbs.
32 KF 25321—For 42-in. \$3.59 32 KF 25322—For 48-in. \$3.59

Replacement Blades for 1966 thru 1969 mowers. Wt. 2 lbs.
32 KF 25118—For 42-in. \$3.69 32 KF 25107—For 48-in. \$3.65

Mower Bracket Kit. Required for mounting mowers above to 1966-69 Suburban and Super 12 tractors.

32 KF 25391—Shipping weight 5 pounds..... \$7.10

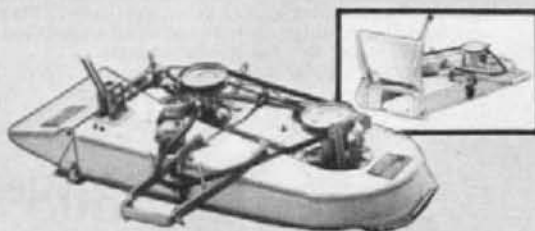

Two-blade Mower 38 in. wide for our 10-HP tractors

\$162⁹⁵

New blade brake stops gear-driven synchronized blades in seconds after power stops. Lever changes cutting height from 1½ to 3½ in. Safety shield. Approximately 54 in. wide. Adjustable gauge wheels prevent scalping. Painted bamboo (tan). 32 KF 25203N—(Model 917.252030.) Wt. 105 lbs. \$162.95

Extra Blades. Shipping weight each 2 pounds.
32 KF 25062—For 38-inch mower above..... \$3.69
32 KF 25029—For Models 917.250120-10123 (pre-1971) 3.39

Two-blade 36-inch Mower for our 8-HP tractors

\$98⁹⁵

Designed especially for tractors 32KF2570N and 32KF2571N (page 159). Belt-driven offset blades. Blade brake. Deflector folds back to make it easy for mower to pass through gates and storage building doors. Painted bamboo (tan).

32 KF 25101N—Shipping weight 75 pounds..... \$98.95

32 KF 25327—Extra Blade for 32KF25101. Wt. 2 lbs. 2.95

32 KF 25013—36-in. Blade for pre-1973 mowers. Wt. 2 lbs. 2.95

Tractor Attachments to help you grow a vigorous, healthy lawn

Lawn Aerator opens up soil, lets it "breathe" . . gets moisture and fertilizer to the roots **\$58⁹⁵**

Tapered steel spikes 2½ in. long on 10-in. diameter discs punch hundreds of holes in the soil to admit air . . also water and fertilizer for quick absorption by grass roots. Especially useful for drying out waterlogged soil and for preparing old, thinned-out lawn areas for re-seeding. Criss-crossing the area with two trips by the aerator provides an excellent foothold for grass seed. Unit can also be used as a mulcher to prepare seed beds.

Place concrete blocks or other heavy material in weight box positioned over the discs to secure desired penetration. Discs closely spaced along the 36-in. wide axle to thoroughly aerate area covered. Self-aligning bearings for easy rolling and minimum maintenance. Fits all riding tractors and mowers equipped with draw bar that has hole for hitch pin.

32 KF 2635N—Shipping weight 80 pounds.....\$58.95

48-inch Spreader-Seeder with pre-set control lever, protective hood **\$99⁹⁵**

1 Holds up to 250 lbs. of chemical fertilizer. Also spreads powdered weed killer or grass seed evenly over ground. Pre-set control of on-off lever maintains constant flow rate setting . . prevents excessive concentration . . can be operated from tractor seat. Swirl agitators and scatter board maintain even flow. Slide gate and inside of steel hopper coated with vinyl lacquer finish. 4x16-in. pneumatic tires. Fits all riding tractors equipped with pin-hitch draw bar. 32 KF 2632N—Shipping weight 100 pounds.....\$99.95

2 36-inch Spreader-Seeder. Similar to (1) above except: holds up to 100 pounds; has two-piece agitator for even distribution and stainless steel shutoff slide; hopper not covered; has 13-in. semi-pneumatic tires.

32 KF 2619N—Sent motor carrier or express. Shpg. wt. 47 lbs.....\$52.95

36-inch Lawn Roller . . weighs 450 pounds when filled with water

\$49⁵⁰

Smooth out bumps in your lawn . . push frost-heaved grass roots back into the ground. Steel cylinder is 36 in. wide with 18-in. diameter. Weighs only 82 pounds empty but becomes 450-pound heavyweight when cylinder is filled with water. Special snap-in fill and drain plug, no wrench needed. Solid steel ¾-in. diameter axle extends through cylinder . . is mounted on replaceable bearings. Adjustable heavy iron scraper and cross braces. Long channel steel hitch permits sharp turns. Fits all riding tractors and mowers equipped with rear draw bar that has hole for hitch pin.

32 KF 2608N2—Shipping weight 82 pounds.....\$49.50

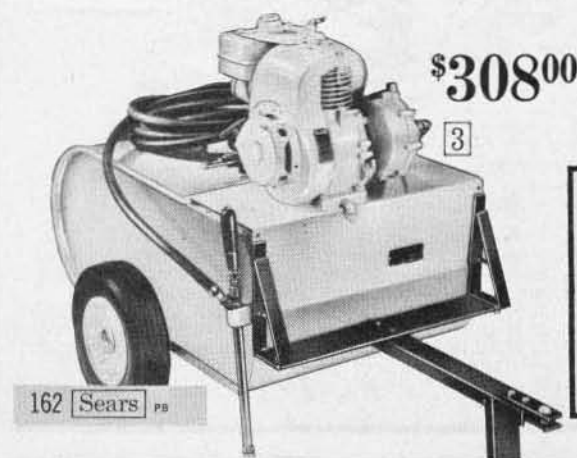

Broadcast Spreader-Seeder for wide-pattern applications

\$44⁹⁵

Holds up to 90 lbs. of fertilizer. Also spreads granular herbicides, ice melters, seed, etc. Distributes material in semi-circular pattern over 5 to 8-ft. area. Wide pattern saves spreading time; tapering edge eliminates stripes and reduces chance of excessive overlapping. Heavy tubular steel frame. Baked-enamel finish. Hopper has stainless steel bottom and on-off control. Precision die-cast gears with nylon bearings; aluminum gear box with Zerk grease fittings. 20x29 in. high. 12-in. wheels. Sent assembled except pull bar and on-off control. Fits all riding tractors and mowers with draw bar that has hole for hitch pin.

32 KF 2639C—Shipping weight 36 pounds.....\$44.95

\$308⁰⁰

Spray Boom Assembly **\$34⁷⁵**

Power Sprayer Outfit with piston pump handles all commonly used sprays

3 Pump with cast-bronze body and stainless steel piston delivers 2 gals. per minute at pressures up to 300 lbs. per sq. in. Sprays 20 to 25 ft. vertically. Surge tank minimizes pump pulsations. Mechanical agitator. 30-gal. tank lined with 3 coats of baked-on epoxy. Orchard spray gun has 3 different-size orifices. ¾-in. hose 25 ft. long. 3-HP CRAFTSMAN® engine. 3x12-in. semi-pneumatic tires. Hitch, retractable parking stand. For all Sears riding tractors with pin-hitch draw-bar. P32 KF 26182N—Shipping weight 155 pounds.....\$308.00

4 Spray Boom Assembly. Sprays 6½-ft. swath. 4 nozzles. P32 KF 26183C2—Shipping weight 20 pounds.....\$34.75

Shipping Note: P32KF26182N shipped by motor carrier or express from Philadelphia, Pa. Pay shipping charges from your c.o. plant. Allow extra time. No C.O.D. Allow extra time for delivery of P32KF26183C2 as it requires special handling to fill your order properly.

Attachments for moving snow, grading, leveling or raking

Snow Thrower with screw-type control
... turn chute full right, full left or to any intermediate position

1 Snow Thrower. Clears a path wider than tractor—fast. Heavy-duty, high-speed ribbon auger handles wet, heavy or powdery snow with ease. Both thrower clutch and chute direction are controlled from driver's seat. Chute deflector can be adjusted to regulate distance of throw.

Free-floating... skid runners adjust height from 0 to 1½ in. above the ground. V-belt and precision roller chain and sprocket final drive. Enclosed gears run in oil bath in sealed gear case. Gear shaft turns on precision roller bearings; auger shaft on Oilite bearings. **IMPORTANT:** Equip rear wheels of tractor with tire chains and wheel weights at right; use extra weights for extra-heavy work.

For 8XL, 10XL, ST-10 models. Clears 35-in. path.
32 KF 25066N—Shipping weight 182 pounds... \$202.50
For all 1966-72 Suburban, SS and Hydro-Trac models; 1973 ST-12, ST-16 and SS-16 models. Clears extra-wide 39-in. path.
32 KF 25335N—Shipping weight 177 pounds... \$202.50

and 3 Tractor Cabs. Protect tractor operator from snow, wind and biting cold—keep him warm and dry when using snow thrower. Durable... waterproof... shrinkproof. Allow free access to all controls. Distortion-free windows for 360° visibility.

Deluxe Cab with sheet metal top, glass windshield. Heavy steel frame. Cloth-backed vinyl plastic doors with clear vinyl windows and tempered green tinted glass windshield with hand wiper. Accordion-style doors open by folding to rear; latch at front. For 1966-72 Suburban, SS and Hydro-Trac models; 1973 ST-12, ST-16 and SS-16 models.
32 KF 26179N—Shipping weight 118 pounds... \$149.95

Cloth-backed vinyl plastic Cabs. Welded tubular steel frame. Hinged metal-frame doors with latch. Clear vinyl windows on all sides. Heavy zippered opening. Pay motor carrier or express charges from factory near Indianapolis, Ind. Allow extra delivery time. No C.O.D.'s.

For 1969-72 Custom, Compact models; 1973 ST-10.
32 KF 26177N—Shipping weight 48 pounds... \$73.50
For all 1969-72 Suburban, SS and Hydro-Trac models; 1973 ST-12, ST-16 and SS-16 models.
32 KF 26178N—Shipping weight 48 pounds... \$73.50

SHIPPING NOTE FOR BOTH PAGES: "N" items (as 32KF25066N) sent motor carrier or express.

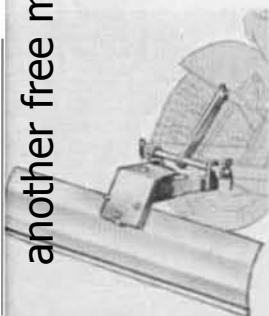

3 All-vinyl-cover Cab

4 Heavy Tire Chains. Heavy cross chains closely spaced for easy riding, extra traction for snow removal. F32 KF 26964 from Chicago, Ill. factory; pay shpg., handling charges from c.o. plant. Allow extra time. No C.O.D.'s.

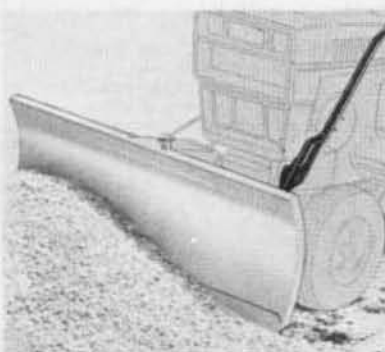

Catalog Number	Fits this tire size	Shpg. wt.	Box of 2
32 KF 26961C	23x9.50-12	31 lbs.	\$29.95
32 KF 26962C	23x8.50-12	29 lbs.	26.95
32 KF 26963C	22.5x7.50-12	28 lbs.	24.95
32 KF 26964	10.50x12	32 lbs.	31.50

5 Rear Wheel Weights. For use with all Sears riding garden tractors. Heavy, polypropylene-jacketed weights give tractor extra traction to help prevent wheel slippage. For extra-heavy work, use two weights on each wheel. Set of 2; each weighs 34½ lbs. Connecting bolts included.
32 KF 26431N—Wt. 75 lbs., Set \$27.95

Rear-mounted Blade
\$46⁹⁵

Designed for leveling new yards and grading lanes, driveways, parking lots, etc. Steel blade 42 in. wide, 9 in. high. Can be set straight ahead or at 17° or 34° angle right or left. Mounts on rear of any Sears tractor with 3-point hitch (page 166). Use 3-point hitch adjustment screws to set tilt and level of blade. Use with rear wheel weights above. Shipping wt. 66 lbs.
32 KF 25133N... \$46.95

42 and 46-inch Dozer Blades
\$82⁹⁵

Remove snow fast... move or grade dirt, sand and gravel. Steel blades 17½ in. high and 42 or 46 in. wide can be angled to right or left from tractor seat. Blade floats over uneven surfaces. Use rear tire chains and wheel weights above for snow removal, wheel weights for other work.

42-in. For Customs', Compacts, ST-10.
32 KF 25055N—Wt. 117 lbs... \$82.95
46-in. For 1966-72 Hydro-Trac, Super 8-speed, Suburban models; 1973 ST-12, ST-16, SS-16.
32 KF 25333N—Wt. 117 lbs... \$84.55

Now at Sears!
Middle-mount Grader Blade
for landscaping

\$69⁹⁵

6 Mounts between front and rear tractor wheels... provides grading action similar to that of a big road grader. Blade can be tilted 15° vertically for crowning, edging, etc.—an exclusive Sears feature. Blade can be angled 30° horizontally. Adjustable depth control. Blade is 42 in. wide, 8 in. high. Fits 1966-72 Suburban, SS, Hydro-Trac Tractors, 1973 12 to 16-HP models.
32 KF 26423N—Shipping weight 92 pounds... \$69.95

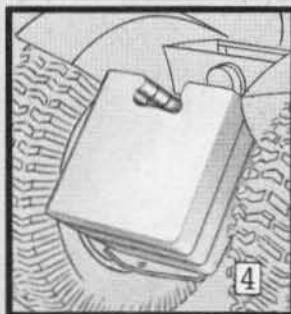

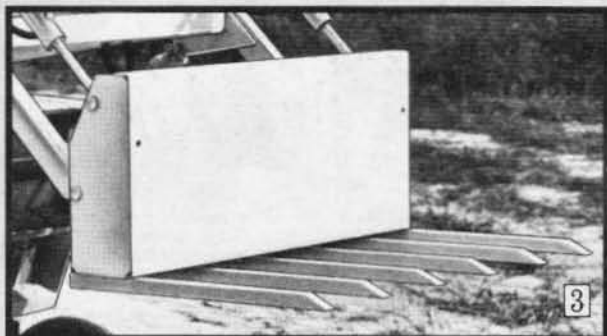

7 Landscape-type Rake. A Sears exclusive design. Replaces blade on (6). 44 in. wide with 22 tines 8 in. long. Many uses: removing stones, clods, etc.; from new lawns, seed beds, etc.; leveling and mulching seed beds; leveling and distributing gravel and stone on drives; breaking up crust on tilled areas.
32 KF 26424C—Shipping weight 36 pounds... \$36.95

Special-purpose Attachments

Rugged Hydraulic Loader for easier handling of sand, dirt, manure, gravel, crushed rock

Without bucket attachment **\$577⁰⁰**

1 For 1969-72 Suburban and SS tractors; 1973 ST-12, ST-16, SS-16 models. Use with bucket (2) or tine fork (3); order them separately. Quick-mount frame of high-strength steel tubing painted bamboo (tan). Includes own hydraulic system. Lifts bucket or fork to height of 79 in. Chrome-plated cylinder piston shafts. Double-acting cylinders on lift arms and on bucket provide hydraulic power for both lifting and lowering and for tilting bucket up or down.

Self-leveling linkage on lift arms keeps attachments level during lift cycle to prevent spillage. Dual bucket cylinders keep bucket rigid and increase scooping efficiency.

Ballast weight must be added at rear of tractor in accordance with work to be done; minimum ballast of 2 sets of wheel weights (page 163) plus 2 rear hitch plate weights (below) required. Add dual wheels (below) for extra stability. Order weights, dual wheels and spacing kit separately.

P32 KF 2623N—Shipping weight 320 lbs. **\$577.00**

2 36-inch Material Bucket. Hardened steel. P32 KF 26225N—Shpg. wt. 80 lbs. **\$59.95**

3 Tine Fork Attachment. Six hardened steel tines, specially angled to form sharp points for picking up hard-packed manure and similar organic material. P32 KF 26227N—Shipping wt. 71 lbs. **\$64.95**

4 Tractor Hitch Plate Weight. Solid cast iron, 10x10x2 in. thick . . . weighs 50 lbs. Up to 4 weights can be mounted on draw bar; bolts included. Use also for extra rear-end weight when using attachments not requiring 3-point hitch. 32 KF 26229L—Shipping weight 52 lbs. **\$21.50**

5 Tractor Dual-wheel Kit. Set of two tires and rims. Requires spacing kit below. When using with tractor mower attached, remove gauge wheels, brackets. From Sioux Falls, South Dakota factory. See Shipping Note.

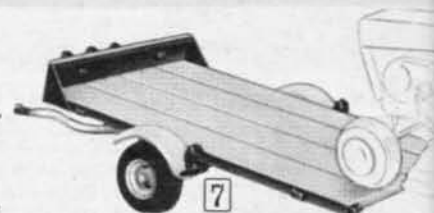

Catalog Number	For tires	Shipping weight	Set
32 KF 25385N	7.50x12	56 lbs.	\$66.25
32 KF 25386N	8.50x12	62 lbs.	68.40
32 KF 25387N	9.50x12	68 lbs.	71.95

Wheel Spacing Kit. (Not shown.) Required to attach dual wheels to tractor. 32 KF 26231L—Wt. 31 lbs. Kit **\$32.50**

SHIPPING NOTE: "N" items (as 32 KF 25386N) sent motor carrier or express. On items (as 32 KF 25385N) pay motor carrier or express charges from factory indicated. "P" items (as P32 KF 2623N) shipped by motor carrier or express from Philadelphia, Pa. Pay shipping charges from your catalog order plant. On "P" items, allow extra delivery time; no C.O.D. orders.

Tilt-Bed Trailers

For over-the-road hauling. Torsion-type axle. Bed tilts to touch ground at back for convenient loading and unloading of wheeled equipment

\$302⁵⁰

\$252⁹⁵

(6 and 7) Convenient way to haul tractors and attachments, golf carts, go-carts, etc. to work areas, delivery areas, show areas, track, etc. Lower back end of trailer and drive wheeled equipment into position. Tie-down chain included.

Sturdy 4-ply 4.80-4.00x8.00 pneumatic tires. Protective fenders and tail lights. Maximum operating speed 50 MPH. Fits standard 1 7/8-in. diameter ball-type hitch.

See Shipping Note above.

6 1000-pound capacity. Rugged plywood deck 61x96 in. long with steel sides to keep machines in place. Sides taper from 9 1/2 in. at front to 5 1/4 in. at rear. Tail gate 5 1/4 in. high lifts off. Painted bamboo (tan). P32 KF 26142N—Shipping weight 340 pounds. **\$302.50**

7 850-lb. capacity. 56x86-in. steel panel bed. Red. P32 KF 26148N—Shipping weight 300 pounds. **\$252.95**

Flail Mower cuts high grass, weeds where others fail...mows big lawns, too

- 60 pairs of tough, self-cleaning, reversible knives shred highest grass and weeds into mulch...no raking of fields necessary
- Hydraulic reel lift and height adjustment
- Anti-scalp roller carries unit over hummocks
- Fits all 1966-73 Sears 12-HP to 16-HP tractors

\$669⁹⁵

Designed to handle problem areas that reel and rotary mowers cannot (rough terrain...lots of litter and other obstacles...etc.). Excellent for pasture clipping and for mowing large lawns. Ideal for estates, farms, camps, business and factory grounds, motels, trailer parks, etc. Made for Sears by Mott Corp., America's foremost manufacturer of flail mowers.

Free-swinging knives fold back when they hit obstructions to protect knives and minimize danger of throwing debris. Flexible deflector at rear deflects clippings and debris downward to ground. Cuts swath 48 in. wide.

Cutting height adjustable hydraulically from 1 in. to 2⁹/₁₆ in. in ³/₁₆-in. increments and from 2⁹/₁₆ in. to 6 in. in one increment. Cutting reel can be lifted hydraulically for transport to and from the area to be mowed without disturbing pre-selected cutting height.

Fast, easy mounting. Operates off of tractor mower clutch. Welded steel housing. Steel caster wheels; semi-pneumatic tires. Add rear wheel weights (page 163) to tractor for extra pushing power and stability.

32 KF 26184N—Shipping weight 410 lbs. \$669.95

Sickle Bar Mower cuts 40-inch swath

Bar raises and locks for transport

\$198⁵⁰

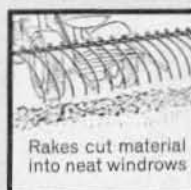

Cut tall grass or weeds at the rate of 1¹/₄ acres per hour. Precision engineered cutter bar uses 2-in. cutting sections for minimum vibration. Blades cut at vertical angles up to 35°...do not cut below horizontal position. Double-row ball bearings on front idler pulleys. Torrington® roller bearings on both ends of pitman. Timken® roller bearings on counter-balanced flywheel.

Separate throwout lever for mower drive. V-belt acts as safety clutch if cutter bar hits obstacle while mowing. Foot lever lifts both inner and outer ends of bar; transport lock holds bar in vertical position. Zerk lubrication. Fits 1966-72 Suburban, SS-12, SS-14, SS-15, Hydro-Trac tractors; 1973 12, 16-HP models. 32 KF 25312N—Shipping weight 162 pounds. \$198.50

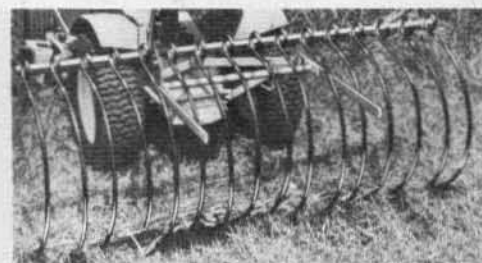

5-ft. Dump Rake gathers cut hay, weeds into windrows

Takes up where sickle bar mower above leaves off. Rakes the mowed material into tidy windrows for loading, baling or other disposition. Rakes strip 60 in. wide with 16 spring steel teeth 26 in. high, ³/₈-in. diameter. Flat points of teeth act like runners on ground...permit close raking without gouging. Dump handle locks teeth in raking position until rake is filled...then a pull on the handle trips the teeth to dump the load. Fits 1966-73 Sears tractors (except 8-HP lawn tractor models.) Can be used without removing sickle bar mower by locking bar in upright position with transport lock.

32 KF 25132N2—Shipping weight 90 pounds. \$75.50

Rakes cut material into neat windrows

Scraper-Scarifier does 4 jobs...all controlled from the tractor seat

For 10 to 16-HP tractors only

\$159⁹⁵

Use this multi-purpose attachment to loosen hard-packed dirt by scarifying...level high spots...fill low spots...move and spread loose dirt, sand and gravel forward or backward, wherever you wish. Just pull one lever to rotate the unit to perform whichever job you want done. For backfilling, put tractor in reverse and push material right up to a wall, foundation, ditch or low spot. Especially popular for leveling ground areas and landscaping. Use front and rear wheel weights (page 163) on tractor. Requires 3-point hitch (order separately on page 166) for attaching unit to tractor. Cuts a strip 32 in. wide. Adjust cutting depth by turning screws on 3-point hitch. 2 replaceable cutting edges, 4 scarifying teeth. 35¹/₂ x 36¹/₂ x 14³/₄ in. high (without handle).

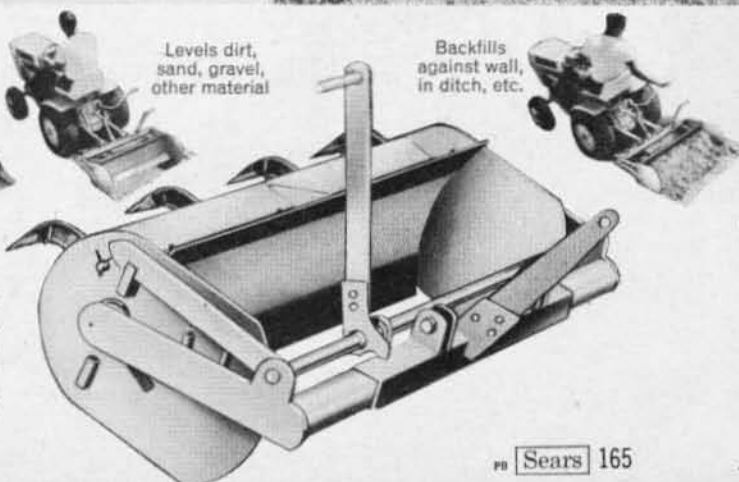

32 KF 2627N—Shipping weight 140 pounds. \$159.95

Scarifies

Scrapes

Levels dirt, sand, gravel, other material

Backfills against wall, in ditch, etc.

Self-powered Roto-Spader

Ideal for preparing soil for new lawns, gardens, field crops . . . cuts 38-in. wide strip

\$298⁰⁰

Powered by its own 8-HP Briggs & Stratton engine. Tines turn at a deep-digging 285 RPM . . . at slow tractor ground speed. Powered independently of tractor engine. Slow speed allows time for spader to pulverize hard ground . . . matches tilling power to specific soil conditions. Tines pulverize compost, manure, grass . . . work them into the ground to fertilize and add humus to soil. Gauge wheels control depth of cut.

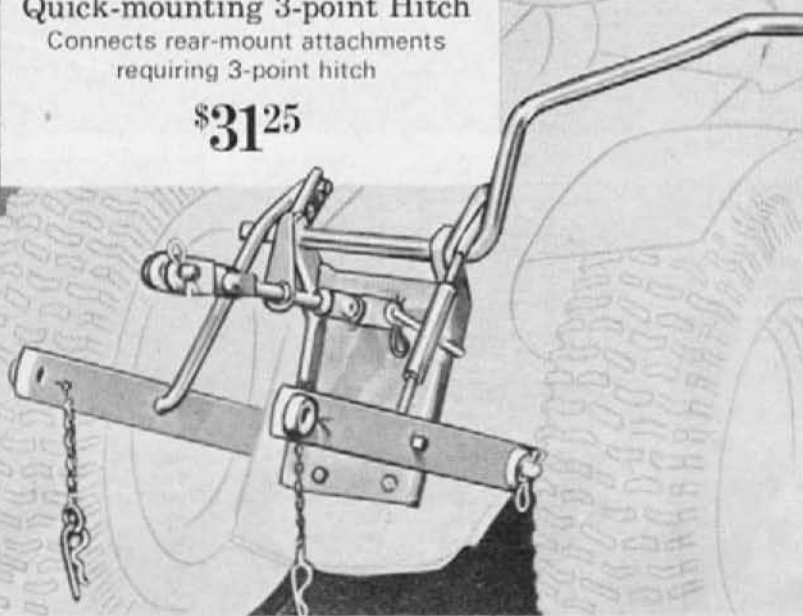

Shape of heat-treated 11-inch diameter slasher tines minimizes wrapping by weeds and trash. Tines guaranteed . . . will be replaced without charge if breakage occurs within one year after purchase. Combination gear and roller chain drive enclosed in oil-tight case, transmits maximum power from spader engine to tines. Heavy-duty precision roller bearings on all shafts for top efficiency. Finger-tip controls . . . clutch and throttle reached from driver's seat. Requires 3-point hitch (order below).

32 KF 25189N—See Shipping Note below, right. Shipping weight 199 lbs. . . . \$298.00

Quick-mounting 3-point Hitch

Connects rear-mount attachments requiring 3-point hitch

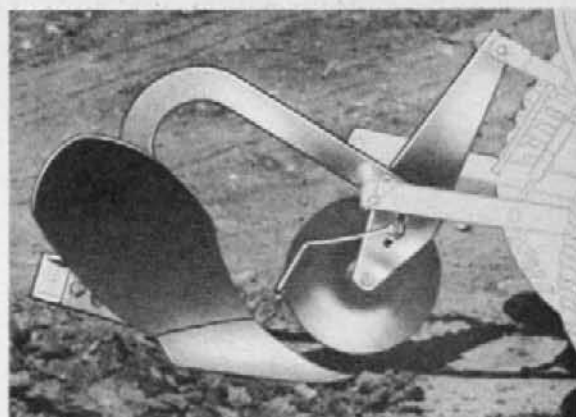

\$31²⁵

Exclusive at Sears. Hitch pulls at an angle which gives the most efficient operation of the particular attachment being used. Lets you regulate pressure on attachment as required using over-center lift lever. With hitch connected, attachments can be lifted off the ground—handy control located near driver's seat which permits turning, backing up, transporting attachments to and from field. Attachments fasten conveniently . . . simply connect with three snap-on pins.

For 7 thru 16-HP tractors: Custom, Compact, Suburban, SS, ST 1966-73 models. (Not for Hydro-Trac tractors).
32 KF 25306C—Shipping weight 31 lbs. . . . \$31.25

Hitch for Hydro-Trac tractors only. Wt. 32 lbs.
32 KF 25305C . . . \$31.25

Tractor Plows . . . cut furrows up to 6-inch depth

\$72⁷⁵

With tough 10-inch rolling coulter—cuts through sod and trash. Soft center, hard-tempered moldboard and share. Heavy steel landside and frog. Use 8-inch plow on Custom and ST-10 tractors; use 10-inch plow on 12 to 16-HP tractors. Require 3-point hitch, sold below, left, and wheel weights sold on page 163. See Shipping Note, below.

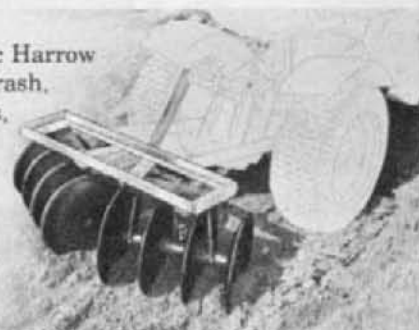

8-inch Plow. Cuts 8-inch wide furrow.
32 KF 25301N—Shipping weight 53 pounds. . . . \$72.75

10-inch Plow. Cuts 10-inch wide furrow.
32 KF 25302N—Shipping weight 66 pounds. . . . \$89.50

30-inch Disc Harrow

. . . cuts up trash, breaks clods, pulverizes soil after plowing

\$58⁵⁰

Prepares plowed soil for dragging. Also useful for cultivation in orchards. All-steel construction. Two gangs of 12-inch steel discs spaced 5 inches apart . . . can be set in 3 different positions—from straight to fully angled. Blades made of 13-gauge high-carbon steel. Angle-steel weight rack provided so weights (cement blocks, rocks or other suitable material) can be added to give deeper blade penetration. Requires 3-point hitch (sold separately at left) and wheel weights (page 163). See Shipping Note below.

32 KF 25122N—Shipping weight 74 pounds. . . . \$58.50

Drag Harrow . . . levels, pulverizes, prepares extra-fine seed beds

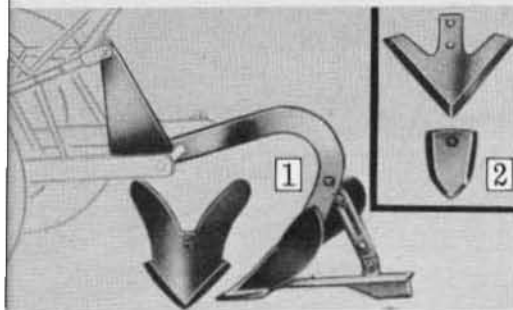

\$49⁵⁰

Excellent for breaking up crust on previously tilled-plots. Special angle-shaped teeth form a sharp cutting edge . . . welded to steel tooth bars. Staggered harrow teeth make soil contact every 2 inches across 40-in. working width, getting the job done fast and thoroughly. Teeth can be angled from flat to vertical to vary tilling depth.

Requires 3-point hitch (sold at left). With hitch, harrow can be lifted to permit turning, backing up, dumping accumulated trash, etc. See Shipping Note below.

32 KF 26139N—Shipping weight 42 pounds. . . . \$49.50

SHIPPING NOTE: "N" items (as 32 KF 26139N) sent motor carrier or express

Sweep-holder, with Middle Buster Corn Shovel, 14-inch Sweep

1 Adjustable Shovel-Holder with 10-in. Middle Buster. Shovel-holder used for furrowing, tilling, hilling and weeding. Pitch and depth of shape is adjustable by turnbuckles on 3-point hitch (not included... order on facing page).

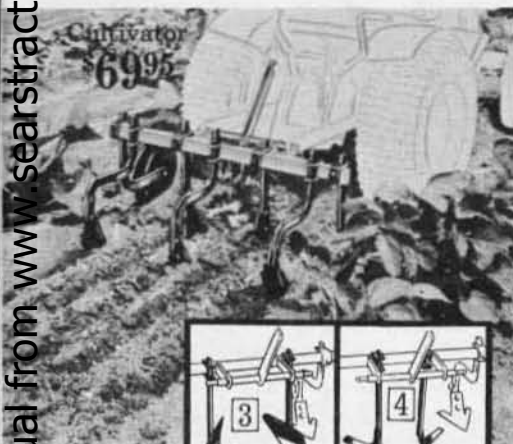

Adjustable below-ground rudder stabilizes the foot for straight running.

Middle buster is used on shovel-holder for hilling, ridging. Bolt for attaching to shank is included. See *Shpg. Note, facing page*.

32 KF 25228N—Shipping weight 36 pounds... \$32.50

2 Sweep and Corn Shovel. Sweep, 14 inches wide, used on shovel-holder for cultivating, ridging and tearing out weeds... corn shovel is used on shovel-holder to make furrows for planting and watering. Approximately 5x8 inches long.

32 KF 25226—Shipping weight 9 pounds... \$8.95

Cultivator. Use as straddle-row or between-row or field cultivator. Five tempered steel shanks. Comes with five 6-in. sweeps for use in normal soil or five 2x8-in. double-point shovels for stony soil. For all Sears riding tractors except 8-HP. Requires 3-point hitch (order from facing page). Order hilling and weeding hoes from table below. *Shpg. Note, facing page.*

Description	Cat. No.	Wt.	Price
Cultivator with sweeps...	32 KF 25224N	63 lbs.	\$71.00
Cultivator with shovels...	32 KF 25225N	64 lbs.	69.95
Set of 2 each Hillers (3) and Weeding Hoes (4)	32 KF 25227C	12 lbs.	10.95

5 Planter and Fertilizer. Open furrow, drop seed, fertilize, and cover in one fast operation. Patented seeding mechanism handles all sizes of seeds. 8 different seed discs... adjustable to space seeds from 1 to 6 in. apart. Direct chain drive for even flow at all 7-sprocket speeds. 2-qt. hopper. Requires 3-point hitch (sold on facing page).

See *Shipping Note on facing page*.

Shipping weight 71 pounds.

32 KF 26162N... \$89.50

Tractor Accessories

Tractor Jack for changing mower blades, easier mower removal, repair

6 Steel jack lets you change blades on your mower in less than five minutes... makes it easy to sharpen blades on your machine, the most important factor in good mower cutting. Auto-type jack operation. Parts detach for storage. 32 KF 26421C—Shipping weight 40 pounds... \$29.95

Electric-start Conversion Kit ... for manual-start tractors

7 Change manual-start tractor to electric-start type. Kit includes starter, generator, starter button, rotating screen, cables, 12-volt battery, battery box, support brackets.

See *Shipping Note on facing page*.

For Sears Custom tractors, 600, 6 and 7-HP models.

32 KF 25026N—Shipping weight 65 pounds... \$104.00

For Sears Suburban tractors, 1966 and later 10, 12-HP models.

32 KF 25145N—Shipping weight 66 pounds... \$104.50

Lo-tone Tractor Muffler reduces exhaust noise

8 Replaces original muffler. Especially desirable when operating in congested areas. Large-capacity muffler does not rob your engine of valuable horsepower. Fits Sears, Suburban, Super and Hydro-Trac 1968 to 1972 models only. 32 KF 25307—Shipping weight 5 pounds... \$16.95

Cover for tractors

9 Keeps rain and snow off of tractor stored outdoors... keeps dust off of tractor stored inside.

Heavy-gauge vinyl material lasts for years. Slips on and off with ease, yet fits snugly for effective protection.

Fits all Sears tractors and other tractors with overall dimensions of 65½x37x39½ inches high or smaller.

32 KF 26966—Shipping weight 8 pounds... \$13.50

Replacement Tractor Seat

10 Deluxe seat. For Sears 1966-72 Custom, Compact, Suburban, SS model 12, 14, and 15-HP tractors. Form-fitting contour and high back give riding comfort. Heavy molded plastic padded seat resists wear and abrasion. Swaged plastic, steel-reinforced beading binds cover to steel back. Black seat and white back.

32 KF 25394—Shipping weight 12 pounds... \$19.95

Front-end Counterweight improves tractor efficiency

11 Brackets fasten 50-lb. counterweight to front of tractor to give front-end stability, better steering control when pulling drawbar loads or using heavy rear-mounted attachments.

Fits tractors:	Catalog No.	Shpg. wt.	Price
Custom, Compact, ST10	32 KF 25655L	51 lbs.	\$16.95
Sears Suburban, SS, Hydro-Trac ST12-16, SS 16...	32 KF 25192L	51 lbs.	16.95

12 Grease Cartridge contains special formula grease required for mandrel bearings of 42 to 48-inch rotary mowers. Also gives more protection to all tractor zerk lubrication points than is provided by ordinary automotive grease. 32 KF 25651—Shipping weight 15 ounces... Each 59c

13 Grease Gun. For quick, efficient application of grease. 28 KF 4955—Shipping weight 5 pounds... \$4.39

14 Special Lo-pressure Tire Gauge. Maintain recommended pressure in tractor tires for better ride and extra traction. Shows 0 to 16 pounds in ½ pounds. 32 KF 26186—Shipping weight 4 ounces... \$1.65

Heavy-duty Dry-charge Battery gives quick starts even in freezing weather

Low as \$1995

Specially designed aircraft-type batteries give exceptionally high output, dependable power.

To activate 12-volt battery, add electrolyte fluid and put on slow charge at 4 amps for 2½ hours.

See *Shipping Note on facing page, Guarantee on page 154*.

39-amp. Battery. Fits all Sears Custom, Compact and Suburban, SS-12, SS-14, SS-15, and Hydro-Trac tractors (1966-1972), all 1973 models. 66-plate. 9½x5¼x7¾ inches high. 32 KF 26993N—Shipping weight 28 pounds... \$23.50

32-amp. Battery. Fits pre-1966 Sears Suburban tractors. 54-plate. 7¾x5¼x7¾ inches high.

32 KF 26994N—Shipping weight 25 pounds... \$19.95
